Description

The Airpress 45425 angle grinder is a universal machine for discs up to 125 mm with a universal M14 attachment. The conversion capacity of this sharpener is 850 watts. The side handle in multiple positions, the adjustable position of the hood and a handy trigger in the handle ensure safe and comfortable working. The revolutions of 12,000 rpm make cutting and grinding of steel, concrete and other building materials possible with the help of diamond discs and heads. The grinder works very well on farms, mechanical and service workshops as well as in construction sites.
